Day **7**

Heraklion

After breakfast, drive to **Knossos** the ancient capital of the **great king Minos**.

The original palace of Knossos was constructed around 1.900 B.C. Some two-hundred years later it was destroyed by an earthquake and rebuilt on a grander scale. The final catastrophe occurred around 1.500-1.450 B.C. with the eruption of the

volcano in Santorini. Despite this blow, people continued to live there for another fifty years, until a fire swept throughout the city circa 1.400 B.C. Your guided tour will take you through the fantastic ruins of the ancient palace complex, which served as the administrative and religious centers for the whole region. The restoration undertaken by Sir Arthur Evans, though criticized by some for its modernity, helps the tourist to both visualize the palace as it was and understand its **labyrinthine complexity**. The living quarters of the king and queen and members of the royal court, rooms for state occasions, theater area, store rooms and potters' workshops are all within the palace complex.

The Archaeological Museum houses a unique collection of artifacts from the Minoan civilization. The displays of idols made of terra cotta, marble and alabaster, collections of gold, jewelry, ivory, figurines, sarcophagi and frescoes will give you an insight into this artistic-minded civilization and complement your visit to Knossos.

After the visit you will have the chance to walk around Heraklion city and **taste the famous cream pie!**

Overnight stay in Heraklion at the **Ibis Styles Heraklion Central**.

Breakfast

The island is crowned by a 16th century Venetian fortress which we shall enter and explore its Venetian houses, Churches, Cisterns and Bastions. From the beginning of the 20th century until 1957 the Island was used as a leper- colony leaving behind its many buildings and the old hospital in which you will find a small memorial.

Continue with a visit to the beautiful town of **Aghios Nikolaos**, with its scenic lake which is said to be bottomless.
