Day **5**

Kelowna Emerald Lake Lodge

Your destination today is Yoho National Park. The word Yoho is the Cree word expressing awe. This 1313 sq. km national park is filled with gem-coloured glacial lakes and waterfalls, snow-covered peaks and dense forests of western red cedar and western hemlock. Historic railroads, spiral tunnels within mountain sides and steep rock faces where mountain goats roam are just some of the sights to be seen. Other Yoho marvels include a natural rock bridge over the Kicking Horse River, Hoodoos, some of Canada's highest waterfalls and the Burgess Shale fossil find where over 120 marine animal species dating back as far as 530 million years were discovered.

Overnight in Field at **Emerald Lake Lodge**

Day **6**

Emerald Lake Lodge

Located on the shores of the famous pristine lake, surrounded by some of the Rockies most impressive peaks. The lodge

built of hand-hewn timber and featuring massive stone fireplaces and includes a formal dining room and quiet reading and sitting rooms. From the upper or lower large verandahs, enjoy the serene views of this wilderness landscape.

Overnight in Field at **Emerald Lake Lodge**

Day 7 Emerald Lake Lodge Radium Hot Springs

Today, your destination is Radium Hot Springs, which borders Kootenay National Park and the mighty Columbia River, and offers guests a recreational playground unparalleled in beauty and amenities. The Columbia River Valley is home to dozens of golf courses, endless hiking and fishing opportunities, and the breathtaking scenery of both the Rocky Mountains to the east, and the Purcell Mountains to the west.

Overnight in Radium Hot Springs at **Prestige Radium Resort**

Day 8 Radium Hot Springs Nelson

Highway 95 will lead you to Cranbrook, the 'Key City to the Rockies'. Along the way visit Fort Steele Heritage Town, a local

settlement whose name was changed in 1888 to honour Superintendent Samuel Benfield (Sam) Steele of the North-West Mounted Police, who peacefully reduced tensions between the Ktunaxa and the white and Chinese settlers who were relatively new to the area. In Cranbrook, the Canadian Museum of Rail Travel is famous for the restored complete set of the TransCanada Limited, a million-dollar train set built in 1929.

Continuing on the way into Nelson, take a short detour over to Harrop and back to experience the Harrop Proctor Cable Ferry. Surrounded by the Selkirk Mountains, set on the shores of Kootenay Lake and clustered with some 350 heritage buildings, Nelson's storybook charm and stunning scenery create the quintessential small town setting. Perhaps enjoy an evening cruise on the S.S. Moyie paddle wheeler.

Overnight in Nelson at **Prestige Lakeside Resort**

Day 9

Nelson Osoyoos

Today, continue travelling westward to Osoyoos, Canada's only desert town. Visit the unique Osoyoos Desert Centre to experience this phenomenon, and check out the Osoyoos Museum, winner of the "best small town museum" in BC. With expanses of orchards and vineyards, lake swimming and boating, this area has all the amenities a visitor could ever want.

Overnight in Osoyoos at **Watermark Beach Resort**

Day 10 Osoyoos

The grasslands and bald hills outside the town of Osoyoos are an extension of the Sonoran Desert that runs as far south as Mexico and creeps north to form Canada's only arid desert. We suggest taking a guided or unguided 1.5km boardwalk through Canada's desert landscape at the Osoyoos Desert Centre. Learn about the sensitive ecosystem which is home to 100 rare plants and 300 animals found nowhere else in Canada. The Centre also features an interpretive facility with hands-on exhibits and a native plant demonstration garden. Another option is to head out for the day to visit the many wineries of the Osoyoos and Oliver region along the Black Sage bench and the Golden Mile.

Day 11 Osoyoos Vancouver

Join the Coquihalla Highway and climb to an elevation of 1244 metres where over 10 metres of snow can fall in an average winter. You will witness incredible feats of engineering as you travel through the Great Bear snow shed, crossing the Dry Gulch Bridge (over 280 metres long and 175 metres high).

Begin descending from the summit pass through some of the most beautiful landscapes in the province. This dramatic change of environment is always exhilarating, as you go from bright sunlight on the high rock faces to misty coastal cedars and tall firs in the space of half an hour. Approaching the Pacific coast, the canyon opens into the broad fertile Fraser Valley. Your epic journey ends upon arrival in Vancouver.
