## Whitehorse

The day begins with a sightseeing flight above the spectacular winter scenery on a 30-minute flight. During the flight, the Yukon winter can be enjoyed from an angle only a few people ever experience. Back in Whitehorse, discover the history of the north on a city sightseeing tour. Whitehorse has much to offer, including famous sights such as the historic Paddlewheeler SS Klondike and a “skyscraper” completely made of logs. Later, travel to the Yukon Wildlife Preserve to see up-close inhabitants such as elk, moose, caribou, mountain goats and lynx in their natural surroundings. That evening, head out again to seek views of the stunning Northern Lights. Relax in sheltered comfort, or beneath the starry sky beside a warm fire at one of the tailor-made aurora viewing locations.

## Whitehorse

A truly northern experience: today includes an ice fishing and snowshoeing adventure at one of the beautiful lakes in the Whitehorse area. Snowshoeing is one of the best ways to enjoy the tranquillity of the Yukon wilderness and capture stunning photographs of the landscape. Depending on conditions, the guide will select the ideal lake for the ice fishing experience. Hot drinks are available to keep guests warm. If a trout is caught, the guide will fillet and cook it on the fire. At the end of the day, return to Whitehorse with a record catch of great memories. Later in the evening, head to the AuroraCentre to seek the spectacular northern lights.

Day 5

## Whitehorse

On this fun kicksledding tour, guests are guided through scenic wilderness routes in some of the most beautiful landscapes of Yukon's winter wonderland. Learn the basics of kicksledding while travelling gentle elevations on forest trails and frozen lakes. The kicksled's snow and ice runners allow rides over snow drifts, across frozen lakes, and even through fresh powder. The kicksled is simple to master, propelled by pushing off the ground with one foot, similar to a scooter.
